STANDARD SIZE FOR U. S. FLAG ORDERED

Treasury Announces Proper Proportions for American Emblem.

Standardization of the size of the American flag is announced in a statement issued by the Treasury on October 23. The statement follows an executive order issued by the President on May 25, which repeats an act to establish the United States flag, approved April 4, 1918.

In issuing the order the President believes that the old law which states "that from and after the fourth day of July next, the flag of the United States be thirteen horizontal stripes, alternate red and white; that the union be twenty stars, white in a blue field; and that on the admission of every new State into the Union, one star be added to the union of the flag; and that such addition shall take effect on the fourth of July next succeeding such admission," fails to establish proportions.

This fact, together with the fact that there are sixty different flags of various sizes in use in the departments of the government caused the following proportions to be adopted: Hoist (width of flag): 1; fly (length of flag): 1.5; hoist: width of union: 1; fly: length of union: 1.5.

The following exception is noted: "The colors carried by troops, and camp colors shall be the sizes prescribed for the military service (Army and Navy)."

Enjoy life! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive, and stomach sour. Don't stay bilious, sick, headache, constipated and full of cold. Why don't you get a box of Cascarets from the drug store and eat one or two tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarets never gripe or sicken like salts, pills and cathartics. They act so gently that you hardly realize you have taken a cathartic. Mothers should give children a whole Cascaret any time they act thoroughly and are harmless—Adv.

Following an exciting chase on N street northwest between Thirty-first and Thirty-second streets shortly after dark last night, a colored man, who gave his age as 18 and said his name was James Ford, alias Kenney H. Moten, was captured by Edward Carroll, an employee of the Department of Commerce. The man was turned over to the police and locked up in the Seventh precinct charged with purse snatching.

The police say that when the prisoner was searched at the station a purse belonging to Mrs. Etta Malone, 380 M street northwest, was found. Mrs. Malone, witnesses say, was walking along N street when the colored man slipped up behind her and grabbed the purse from her hand in full view of several pedestrians. She screamed and several men gave chase.

A steam drying plant has been established in Honduras to experiment with the production of copra from coconuts grown along the coast of that country.

The United States Department of Commerce is studying the development of fire resisting materials for decks of passenger and excursion steam vessels.
